Murhur NS is a school which has established a class, with the approval of the Minister for Education, which provides an education exclusively for students with a category or categories of special educational needs specified by the Minister and may refuse to admit to the class a student who does not have the category of needs specified.

4. Categories of Special Educational Needs catered for in the school/special class

Eligibility criteria for admission to a special class are set down by the Department of Education and Youth ('the Department') and the NCSE and are set out in Department Circular letters and NCSE guidelines. Applicants must meet the eligibility criteria to be considered for admission to a special class or special school. All schools must include both the eligibility criteria for a special class/special school and the selection criteria in the event of oversubscription in their published admissions policy. The eligibility criteria must align with current NCSE guidance and national guidelines set out in Department circular letters.

Murhur NS with the approval of the Minister for Education, has established a class to provide an education exclusively for students with Autism. Circular Letter 0039/2025 updates the eligibility criteria for admission to all special classes and special schools. A new criterion has been added. To be considered by a school for admission to a special class or special school for the 2026/2027 school year onwards, all applicants must now have a letter from the NCSE confirming that the child is known to them and that the child has the required diagnosis and recommendation for a special class for the category of special educational needs supported by the special class.

Children and young people are eligible for enrolment in a special class for Autism, when the following is provided in support of such an application:

Professional report(s) outlining:

- Diagnosis of special educational needs (e.g. Autism: DSM IV/V or ICD 10/11 (psychologist, psychiatrist, multi-disciplinary report)

School with special education class(es)

The special class attached to Murhur NS provides an education exclusively for students with Autism and the school may refuse admission to this class, where the student concerned does not have the specified category of special educational needs provided for in this class.

6. OVERSUBSCRIPTION

In the event that the school is oversubscribed, the school will, when deciding on applications for admission, apply the following selection criteria in the order listed below to those applications that are received within the timeline for receipt of applications as set out in the school's annual admission notice:

Priority	Criterion
1	Families whose primary residence is in the immediate areas of the Parish of Moyvane. The school relies on a map displaying a defined catchment area. Eircodes are used to aid precise locations.
1	Priority is given to siblings of children already in the school or who have attended the school in the past. If the class is over-subscribed on the basis of this criterion, then places will be allocated on the basis of age, starting with the oldest applicant, until all places are allocated. (Please note that prospective pupil's age is important. We cannot have a situation where a 4 year old with siblings in the school gets a place over a six year old with no siblings in the school)
1	Children of current school staff. (This is under review and is available only to permanent staff who were working in the school before 2020)
2	Children outside of the parish If the class is oversubscribed within the application of this particular criterion, then those whose primary residence is furthest from the school will be eliminated first. Eircodes are used to aid precise locations. Google Maps and AA route planner or equivalent may be used to ascertain proximity by car.
If space is still available, class numbers are completed from the Waiting List, which is compiled and ordered according to the age of the pupil if the application is received in correct time frame. The criteria are listed in order of priority when spaces are allocated under criterion 1 and space is still available, then criterion 2 comes into play and so on. This prioritization proceeds until all places have been allocated.	

In the event that there are two or more students tied for a place or places in any of the selection criteria categories above (the number of applicants exceeds the number of remaining places), the following arrangements will apply: Older child gets preference
